Computer Science	79

Percentile: 82 | Attendance: 92%

PERFORMANCE SUMMARY

Student Maha Lakshmi from class 10A has shown consistent performance across subjects, with percentile scores ranging from 82% to 92%. Mathematics and Science are her strongest areas.

STRENGTHS

- Consistently achieving high scores in Mathematics (72%) and Science (90%), showcasing strong science and numeracy skills.
- Demonstrating proficiency in English (76%) and Social Studies (85%), suggesting a balanced academic background.
- Gaining confidence in Computer Science, marked by an 79% score, indicating competence in a rapidly growing field.

IMPROVEMENT AREAS

- Maha Lakshmi could focus more on critical thinking to further enhance her problem-solving skills in Mathematics.
- Exploring additional materials or engaging with the content outside class hours might improve her Science subject knowledge.
- Practicing more would increase her efficiency and understanding of English literature.

RECOMMENDATIONS

- Regularly review important concepts from each subject prior to exams for better retention and faster retrieval during tests.
- Work on projects or assignments involving coding in addition to learning the Computer Science curriculum to get hands-on experience.
- Stay diligent with her class and homework attendance, as missing out could be detrimental to gaining full understanding of the subjects.

CAREER GUIDANCE

Considering Maha Lakshmi's performance across varied subject areas, she has potential in multiple careers. Pursuing higher education in a field that aligns with her strengths would greatly benefit her future career choices.

OVERALL INSIGHT

Maha Lakshmi is an above-average student who can leverage her academic strengths to further excel and broaden her professional prospects.
